

ROKSTONE

Westbourne Gardens, W2

This duplex apartment is serviced by a lift. Stretched out over the first and second floor of the building. The apartment includes three king sized bedrooms, a walk in wardrobe, three bathrooms (two ensuite), and a modern open-plan kitchen with a large living area and balconies to the front. Tenants can benefit from an Audio Visual Integrated System using Sonos, Samsung 3D TVs and Sony Blue Ray Players. In terms of comfort and healthy living the apartment offers solid tile flooring with under floor heating accompanied by comfort cooling and mood lighting.

Adiba House has a dynamic Mechanical Heating and Ventilation Recovery system (MHVR) which utilises the warm stale air it extracts from the building to heat up the fresh air which is brought in from outside, minimising the loss of thermal energy, and automatically controlling the heating, air movement and background cooling. This ensures it never gets too hot or too cold and the humidity is never too high or low; all of which help towards creating the ideal and healthiest possible living environment. The MHVR at Adiba House continuously regulates correct temperature and humidity – which reduces dehydration, stops dry eyes and mouth, and reduces allergies such as asthma and hay fever.

Price £1,730 pw
