

## THE WHITTLES — THAXTED —

Wadhams Homes have added eight spacious apartments to the stunning Whittles scheme; a development of 33 one, two, three, four and five bedroom properties. The apartments will complement the other 25 homes, all finished to an exceptionally high standard with exquisite attention to detail and quality.

Situated in the heart of the much sought-after historic town of Thaxted - contemporary living ideally located with all of your needs within touching distance - The Whittles offers everything you could wish for. Local amenities are aplenty, and with main road, rail and air networks all a short distance away, this really is a perfect place to live.

Founded in 1972 by Albert Wadhams, the family-owned and run business continues to specialise in the planning and design of unique luxury properties, from sensitive restorations and conversions to contemporary new build schemes. Creating homes that remain true to the building's character.

The experienced in-house team is supported by specialist heritage consultants and works closely with Wighton Architects. Together, they have the skills to realise the sympathetic restoration and conversion of some of the country's most important buildings and are proud of their completed projects throughout Essex and Hertfordshire, with many sites located within Conservation Areas, Green Belt and Areas of Outstanding Natural Beauty.
