Description

Appletree Cottage is a very pretty period cottage occupying a delightful position on the edge of the village, with open countryside on the doorstep. The property offers well-proportioned accommodation, including two reception rooms, a large kitchen and two bedrooms. It is believed that the cottage dates back to the 16th Century and has retained a wealth of charm and character, together with a number of attractive period features. Outside, the house is complemented by exceptionally large gardens (approximately 150ft), including a highly productive kitchen garden and a useful piggy/outbuilding. The property also offers excellent scope to extend, subject to the necessary planning consents (STP).

Accommodation

Set within a welcoming ENTRANCE PORCH with space for boots and coats, the part-glazed front door opens into the LIVING ROOM, which offers ample space for both seating and a dining table. A striking inglenook fireplace, complete with an inset bread oven and wood-burning stove set on a slate hearth, forms an attractive focal point. Doors lead through to the kitchen and, via a part-glazed door, to the DINING ROOM, currently used as a music room, featuring a bay window and a charming inglenook fireplace with a wooden surround and stone hearth. The KITCHEN is fitted with a range of both freestanding and fitted units, together with a butler sink, and space and plumbing for white goods. A tall cupboard provides fitted shelving and houses the hot water cylinder. There is useful under-stairs storage, a staircase to the first floor, and a door to a practical STORE ROOM, which has a stable door opening onto the gardens.

Upstairs, the MASTER BEDROOM is a spacious double room featuring an attractive Victorian fireplace. BEDROOM 2 is a comfortable single room. Both this room and the SHOWER ROOM, which is fitted with an electric shower, wash hand basin and WC, enjoy lovely views towards Appledore and Tapely Park.

Outside

The glorious, large and gently sloping garden extends to approximately 150ft in length and is predominantly laid to lawn, bordered by mature planting and a number of specimen trees. Immediately behind the house is a courtyard with a useful external store and a large walled patio/terrace, providing an ideal space for outdoor dining and entertaining. A pathway leads through the garden to a substantial stone piggery, complete with power, offering a versatile space with potential for a variety of uses. To the western side of the garden is a productive kitchen garden, featuring multiple raised beds, with mature May, Bay and Copper Beech trees opposite, while a pair of mature apple trees are trained along the eastern boundary opposite the patio.
