welcome to

Mill Rise Sheraton West Grange Farm, Elwick Hartlepool

Nestled within the rolling hills of the countryside, this exceptional, three bedroom, end-bank, barn conversion offers a rare chance to embrace a peaceful rural lifestyle while enjoying high end modern comforts. Set within an exclusive development of just five bespoke dwellings.

Agents Note

One of the standout features is the home's private water supply, which is included as part of the development - meaning you don't pay for water usage. It's another testament to the sustainable and self sufficient lifestyle this property supports.

In addition, residents have access to a private communal gym, exclusively for the five homes within this unique development - a wonderful bonus that adds to the lifestyle appeal.

This truly is a property that offers more than just a home - it's an opportunity to adopt a new way of living. With high-spec finishes, eco-conscious features, and a strong sense of community, all set in one of the area's most peaceful and private countryside locations, this is an opportunity not to be missed.

There is a £75 per month charge which covers a wide range of amenities, including maintenance of the communal grounds, security systems, electronic gates and the on-site gym. Any unspent funds are retained in a communal reserve, allowing residents to decide collectively how best to invest in the continued enhancement of the development.

Renewable Heating Incentive

A particularly attractive feature of this property is the benefit of the Renewable Heat Incentive (RHI) payments associated with the air source heat pumps. The current payments are achieving an impressive average of approximately £3,500 per annum, providing the new owner with a valuable additional income stream. The RHI scheme provides quarterly payments to eligible installations for renewable heat generated, subject to the scheme's terms and remaining payment period.

Further Development Potential

Another notable feature is the existing planning consent to extend the front of the property, creating an additional room and providing the opportunity to reconfigure the current layout. This would allow the property to benefit from an additional bedroom, potentially transforming it into a four bedroom home. This approved consent offers exciting scope for a purchaser to further enhance and tailor the property to their individual requirements, adding both versatility and potential value.
