Agent Notes

The lodge was constructed in 2022 and was originally sold with the benefit of a 10-year warranty dating from its construction.

The current 35-year term relates to the site licensing agreement rather than the ownership of the lodge. Upon expiry, a new agreement will be issued or transferred as part of a subsequent sale. The transfer process is handled directly by Brackenborough Lakes Resort, and we believe a solicitor is not required for this process, according to the licencing agreement.

The current annual ground rent is £4,356, generally payable monthly. There is also an annual charge of £250, which covers waste water. Water, Gas and electricity are charged separately according to individual consumption.

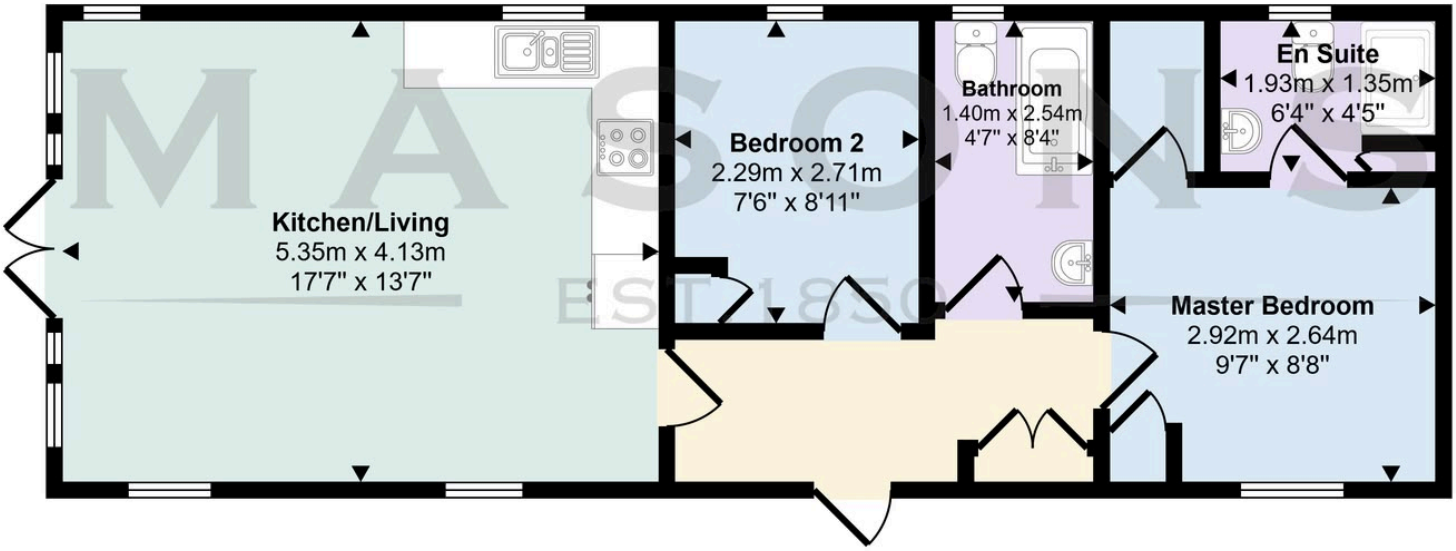

The lodge must either be operated as a holiday let through Brackenborough Lakes Resort or used as a second residence and can be used 12 months of the year. It cannot be occupied as a primary or permanent residential home.

Holiday rental income is variable and will depend upon occupancy levels, seasonal demand and performance from year to year. The current owner advises that a net return of approximately 6%–8% may be achievable on an investment of £100,000, although this is not guaranteed and prospective purchasers should make their own enquiries regarding rental performance and associated costs.

Furniture and furnishings: All furniture and furnishings shown in the property photographs are included within the sale.
