## NEW SEASON LAMBS (743)

### NEW SEASON LAMBS (743)

A similar number entry to last week and overall another decent quality entry. Trade slightly dearer this week with the handyweight lambs 43-47kgs up £1-2 per head on the week. Fewer heavier lambs forward this week; with the 48-52kgs also slightly dearer on the week and the 53kg plus lambs a similar trade to last week. Also less lighter and leaner lambs forward this week but those forward also met a slightly dearer trade. The lambs remain less money in the North of the Country where numbers are more plentiful, which will keep the trade going forward steady in the coming weeks.

## CULL EWES (288)

A bigger number forward this week which consisted mainly of grazing type ewes. Very few bigger ewes forward this week. Trade dearer again this week with the grazing trade being helped by the recent grass growth. A few more buyers around the ring ensuring a strong trade throughout.
