For reference, any lot sold at £4,000 or under will attract a 5% buyer's premium. Any lot over £4,000 will have a fixed buyer's premium of £200, also subject to VAT @20%.

Payment of Lots

8. All lots must be paid for prior to being removed and must be removed not later than the date prescribed in the Catalogue. Cash payments are subject to money-laundering regulations. Debit card facilities will normally be available on collection days. Credit cards will NOT be accepted.

9. In the event of any lots not being paid for following the receipt of an invoice or removed within the time allowed, we may at our discretion:

12. The buyer is responsible for any damage to any other lots or to the sale premises done in the removal of his lots and shall either repair the same before removing his lots, or pay the estimated cost of doing so, fixed by the owner of the premises or us as appropriate.

Removal of Lots & Loading

13. No lots may be removed from site unless accompanied by a receipted invoice. Lots are to be removed from the site on sale day if requiring assistance when loading. Collection after the sale date must be arranged with Shoulers Auctions and the buyer must make their own provisions for using machinery to load.

Please contact farmsales@shoulers.co.uk to organise collection times so these can be staggered.

Any lots that are left after 8th June 2026 may be removed by the farm/landowner without notification to the purchaser. Any arrangements in respect of the lots being collected by a courier and payments associated with this is for the buyer to undertake and make.

Loading Facilities

14. Loading facilities will be available on the sale day only. Loading outside these times will be strictly by arrangement with the Sellers. Warranty

15. In so far as the law allows neither we nor the sellers accept any liability for any loss or injury caused the purchase of any lot. The buyer undertakes to take reasonable practical steps to ensure his purchase will be safe and suitable for use. Because of obsolescence and wear and tear, it is unlikely that goods, bought at auction, will be safe and serviceable as new goods from shops or trade suppliers. The seller is not a supplier within the meaning of Health & Safety Act 1974.

Export of Goods - All goods purchased at Shoulers Auctions that are to be exported or removed from the United Kingdom will:

Be dealt with under the requirements set out of HM Customs and Excise publications:

The Seller is not a supplier within the meaning of the Health & Safety Act 1974.

16. We do not claim any expert knowledge of the description, origin or fitness of any lot offered for sale. Where adverts, lot lists or catalogues are prepared, the descriptions are there to help the buyer to find lots in which he might be interested. All lots will be sold with all faults and errors of description, as seen at the time of sale, except that any electrical or mechanical goods announced to be In Working Order at the time of sale but found and notified to us as being faulty before noon on the day following the sale, may be returned by the buyer not later than 24 hours thereafter and the purchase price will be refunded.

17. The buyer ought to inspect the lots before he buys. If he buys without inspection, he does so at his own risk. If, in any case, we display a sample, we give no warranty as to the condition or consistency of the rest of the lot. Machine hours are given in good faith as recorded when cataloguing but are not guaranteed to be accurate.

Agents

18. Anybody intending to bid shall inform us before the sale if he is going to bid as an agent and shall give us any information we reasonably require. Anybody who buys as an agent shall nevertheless be jointly and severally liable to us with their principal for the purchase price and only matters to do with the sale.
