NEW SEASON LAMBS (740)

NEW SEASON LAMBS (740)

A much lower number entry this week after last weeks sale. Overall another good quality entry with less heavier lambs (over 50kgs) forward and more medium weight (43-46kgs) lambs forward. Trade has dropped this week nationally with bigger numbers coming forward especially in the north of the country and abattoirs reporting a slow down in sales especially to the continent. The heavier lambs (over 50kgs) were the most affected again this week with a lot of 50-54kg lambs sold between £158-165 per head. If lambs over 55kg then generally £170-200 per head. The 47-49kgs lambs were generally £150-158 with the 43-46kg lambs the least affected by the lower demand and a lot of pens sold over the 330ppk mark and these lambs generally £142-155 per head. Quite a few lighter and leaner lambs forward this week which remain wanted by the store lamb buyers and selling a similar PPK to the well finished lambs.
